

# MORITO SCOVILL

## HOOK

It is a fastener that can be used for various purposes such as the front stand and pocket opening of clothes.

We offer lightweight types (product numbers 7501, 8801, etc.) and hooks that combine design.

# MORITO SCOVILL

## SILENT SNAP

Reduced the rattling noise in exercise and realized a low-profile snap fastener by adopting segmental socket instead of ring-spring socket.

## PLASTIC SNAP FASTENERS

Lower profile and lighter weight compared with metal fasteners, which is an ideal item for sportswear. We are ready to offer a wide variety of colors to match with your fabric.
